

DISASTER NARROWLY AVERTED ON TRIP

JOURNEY UP OHIO IS MARRED BY ACCIDENT ON ONE OF STEAMERS

Third Deck of the Steamer Island Queen Falls Under Weight of 200 Persons—Only Three Are Injured—Had Been Intended for President Harding to Take This Boat

(By The Associated Press)
POINT PLEASANT, Ohio, April 27.—President Harding's adventuresome 30 mile voyage up the Ohio river to participate in the one hundredth anniversary of General Grant narrowly escaped serious disaster when part of the third deck of the Steamer Island Queen crashed to the deck below carrying with it some 200 persons.
Only half a minute's warning by cracking timbers gave a school children's band and many others on the deck below time to get from under the crashing deck. Three persons were injured.
The injured were:
Wilbur Morgan, Manchester, Ohio; cut about head, not serious.
Richard Armstrong, Bethel, Ohio; arm broken.
Lieutenant Eugene Wetherly of the Cincinnati police department; cut by glass.
They were on the second deck front immediately under the deck which fell.

WORK PROGRESSES IN SELECTION OF JURY FOR SMALL

Hope to Have Complete Jury by Next Tuesday Evening

(By The Associated Press)
WAUKEGAN, Ill., April 27.—With two men of the second panel tentatively accepted by both sides, and two more, completing the panel of four examined by the state and ready to be tendered to the defense, selection of a jury to try Governor Len Small made good progress.
Attorneys on both sides entertained hopes tonight of completing and swearing in the second panel tomorrow and starting work on the final four. Judge Edwards said tonight he expected the jury to be completed next Tuesday evening if present progress is maintained.
Selection of the jury was overshadowed today by a special meeting of the Lake County board of supervisors at which a resolution was passed demanding that Sangamon county where the governor was indicted immediately make a payment on the bills incurred by Lake county in connection with the case.
Fred Mortimer, state's attorney for Sangamon, declared the demand was "unheard of in legal history, charging it was a move to hamper the jury selection by causing prospective jurors to seek to avoid service for fear they would not be paid. Rumors have been in circulation in Waukegan for several days that Sangamon county might "reign on the bill" and that the method of drawing the jury list was illegal and jurors drawn could not be paid if any taxpayer sought an injunction.
Court Guarantees Payment.
Judge Edwards answered these rumors tonight in a statement to the newspapermen in which he said he was satisfied that Sangamon county's bills would be paid and that if the question of jurors pay is raised in his court he will tell the men in the box that he will personally see that they are paid.
Judge Edwards told newspapermen that the action of the county board was most unusual.
The amount due Lake county in connection with the trial will not exceed \$3,000. L. O. Brockway, court clerk estimated. The judge said the first he knew of the special meeting of the board was when Mr. Mortimer notified him the supervisors were in session. Judge Edwards sent state's Attorney Smith of Lake county, who is responsible for collection of the bill to the meeting to advise the board against it, but the minutes show the resolution was passed unopposed. Three peremptory challenges were used today—two by the defense and one by the state—to keep unwelcome jurors out of the box. The state used one of its ten peremptories yesterday so each side now has eight left.

RESTORATION OF SELF GOVERNMENT ASKED BY HAITI

Representations Filed With State Department Thursday

(By The Associated Press)
WASHINGTON, April 27.—Representatives for the restoration of self-government to the Haitian people and the immediate withdrawal of American military forces from the island-country were filed with the state department today by the foreign policy association of New York and the National Popular Government league of Washington.
A report submitted signed by 24 lawyers, charged that the seizure by the United States of the Republic of Haiti was in violation of our constitution, our treaties and internal law.
The report further charged that the action of this government in maintaining a "mandate" over Haiti, constituted "usurpation of power thru mere executive action unauthorized by law" and that the "honor and good name" of the United States required.
"The immediate abrogation by the United States of the treaty of 1915, unconditionally and without qualification.
"The holding of elections of representatives to the legislative bodies of Haiti and of a president by the free will of the people at an early day.
"The negotiation of a new treaty with a new Haitian administration for friendly co-operation between the United States and Haiti upon such terms as shall be mutually satisfactory to both countries and by the methods that obtain between free and independent sovereign states."
A committee from the national popular government league, consisting of Senator Owen, Oklahoma, its president; J. H. Ralston, Washington, Dr. John A. Ryan, Catholic University; Samuel Gompers, president of the American Federation of Labor; C. E. Russell and Henry A. Slattery, filed at the same time the lawyer's report was presented the address which supported the report by the foreign policy association.
The address signed by members of the league charged that the diplomatic and military forces of the United States were being used to permit the economic, industrial and financial exploitation of Haiti and Santo Domingo by leading New York banking interests.
Among the signatories to the address were Louis F. Post, former assistant secretary of labor; Frank Morrison, secretary of the American Federation of Labor and William S. Johnson, president of the International Association of Machinists.
The report of the lawyers was said to take as basic authority facts brought out at the hearings before the senate select committee last October when an inquiry was made into conditions attending the occupation and administration by this government of Haiti and Santo Domingo.

DISMISSES SUIT OF KANSAS MINERS

(By The Associated Press)
KANSAS CITY, Kans., April 27.—A suit to test the constitutionality of the Kansas Industrial court law was dismissed today by Federal Judge John C. Pollock today on the ground that neither of the Kansas miners in whose names the suit was brought had been arrested under the industrial court law. The right to file an amended petition within 30 days was granted.
The suit was brought by the international organization of the United Mine Workers in the names of Samuel Smith and Earl Dropper, miners of Pittsburgh, Kans. Dismissal was on motion of attorneys for the state.
Judge Pollock in dismissing the suit said that the mere existence of a law upon the statute books under which arrests might be made was not sufficient ground for action. Arrests must actually have been made to give the plaintiffs standing in court.

MISS MARY CLARK INJURED BY FALL

Miss Mary Clark, 516 South Main street, fainted as she was leaving her work at the New Method Book Bindery Thursday morning and fell through a glass door, cutting her right arm and leg, and bruising her face and head.
She was taken to the office of Dr. King, who dressed her wounds.
BROTHER ENDS VISIT HERE
Judge William E. Thomson, of this city, was visited by his brother George E. Thomson, of Burbank, California, who is a building contractor in that city. He left Thursday night to visit with another brother, who lives in Nebraska, before returning to his home in California.

RUSSIAN BEAR STILL KICKING UP ITS HEELS

Attitude at Genoa is Causing Powers Uneasiness

(By The Associated Press)
GENOA, April 27.—While the powers were today preparing the details of a document informing the soviet delegates what the powers expected of them and what the powers on their part were ready to do for Russia the Russian delegates issued an open statement which pertinently expressed their discontent because they are not being kept informed of what the powers intended to do.
Their statement insisted that Russia would protect her sovereign rights and contended that she alone was following the fundamental ideas of the Cannes resolutions touching the questions of reciprocity and economic reconstruction. The document of the powers which is to be handed to the Russian delegates was considered today by Premier Lloyd George, Signor Schanzer, M. Barthou, M. Jarpat and Baron Hayashi. It will be submitted to the sub-commission on Russian affairs tomorrow.
Immense interest is concentrated in the probable text of Mr. Lloyd George's non-aggression pact several drafts of which have been drawn. It is learned that one of the drafts contains the proposition that the members of the little entente shall mutually agree to organize a kind of flying army corps which will act as international policemen to protect the frontiers and punish violations of the non-aggression agreement. It is understood that the idea emanated from Rumania, but several delegates gave it as their opinion that there seemed little chance of its being incorporated.
As the conference assumes broader aspects, certain indications come to the surface that two distinct political waves which being contradictory are difficult to reconcile, are surely spreading throughout Europe. One is internationalism, which the thinkers of almost all countries are preaching; the other is nationalism. The latter has flourished particularly since the great war and the birth of new states thru the treaty of Versailles has only served to multiply nationalistic sentiments.
While few statesmen dare to speak openly of the possibility of attaining some form of federation of the European states, it is learned that many of them secretly possess ambitions to bring about harmony between nationalism and internationalism and the basis of this new European construction would be the principles of equity, justice and the fellowship of man.
It is understood that Mr. Lloyd George has a profound ambition to make his non-aggression pact the precursor of a broad movement to bring all the peoples of Europe, including Russia and Germany, closer together, perhaps as the first step towards some form of European federation.

LAKE ERIE AND WESTERN PASSES TO NEW CONTROL

(By The Associated Press)
CLEVELAND, April 27.—Control of the Lake Erie and Western Railroad owned by the New York Central Railroad company has been purchased by O. P. and M. J. Vansweringen of Cleveland and their associates, O. P. Vansweringen, chairman of the board of the Nickel Plate railroad announced tonight on his return from New York where the negotiations were concluded.
The deal brings under the control of the Vansweringens a total of more than 2,000 miles of steam railroad lines between Buffalo, Chicago and St. Louis.
The main line of the Lake Erie & Western extends from Sandusky to Peoria, while branches extend from Indianapolis to Michigan City, Ind. and from Ft. Wayne to Connersville, Ind. It has a mileage of 710.
At Port Wayne, Fostoria, Ohio and Argos, Ind., it connects the Nickel Plate railroad also controlled by the Vansweringens.
Control of the Toledo, St. Louis and Western, (Clove Leaf) was acquired by the same interests a few weeks ago.

COMMANDERIES OF CHICAGO WINNERS

(By The Associated Press)
NEW ORLEANS, La., April 27.—Chicago commanderies won four of the five prizes for the best drilled teams in the exhibition drills here in connection with the thirty fifth triennial convolve of the Knights Templars.
Englewood commandery No. 59 Chicago won first prize, a handsome drinking set scoring 98.9 points.
Columbia commandery No. 63 was awarded second prize, a beautiful cup with 95.4 percent. Chicago Commandery No. 19 was third. Los Angeles Commandery No. 9 was fourth, while the fifth prize went to St. Bernard Commandery, of Chicago.
Twenty two teams representing every section participated in the exhibition drills, a feature of the convolve.
Major Blake told the Star he had not decided on the type of flying machine to be used. The route will be thru France, Italy, Greece, Egypt, Mesopotamia, India, Eastern China, Japan, thence via the Aleutian Islands across to Alaska, thru the United States to New York, thence to New Foundland, and thence across the Atlantic via Greenland and Iceland to Scotland.
Major Blake expected to start late in May.

ATTEND CONVENTION OF STATE MUSIC CLUBS

The State Federation of Music Clubs is now in session at Decatur and Mrs. Homer Potter and Mrs. A. F. Winey of this city are in attendance as delegates from the Chaminade club. The program for the convention is an especially notable one, and one of the special features will be the concert to be given tonight by Arthur Kraft, tenor; Rudolph Reuter, pianist and Naheum Benetzki, cellist.

BRIDGE PARTY IS POSTPONED

The bridge party for the benefit of the flood sufferers which was to have been held at the Elks' Home this evening has been postponed until next Tuesday, May 2.

BETHLEHEM STEEL DECLARES REGULAR QUARTERLY DIVIDEND

Action Practically Follows That of United States Steel

(By The Associated Press)
NEW YORK, April 27.—Directors of the Bethlehem Steel corporation today declared the regular quarterly dividend of 1 1/4 percent on both classes of the common stock altho it was not earned.
This action practically follows that of the directors of the United States Steel corporation which failed to earn dividends on either the common or preferred shares. (Both corporations based their action on the decided improvement in business.
President Eugene G. Grace of the Bethlehem Corporation declared after the meeting that notwithstanding the fact that dividend requirements were not earned during the quarter, the directors felt justified in declaring the usual dividends in view of the surplus accumulations during the past year, the decided improvement in business as reflected by marked increase in the volume of orders at higher prices and the strong cash position of the corporation.
The corporation's steel production, he added, "is now on an approximately 80 percent operating basis, as compared with 40 to 50 percent during the first quarter of the year with a number of departments running to full capacity."
This he explained is equal to the normal pre-war production.

GRIFFITH AND DE VALEHA ARE AT LOGGERHEADS

Irish Leaders Engage in Bitter Exchanges at Meeting

(By The Associated Press)
DUBLIN, April 27.—Bitter exchanges between Arthur Griffith, president of the Dail Eireann and Eamonn DeValera, Republican leader more intense than any heretofore marked the proceedings of the Dail Eirann today. Charges and counter charges of responsibility for the present disorders characterized the debate and Mr. Griffith in a strong attack endeavored to show that DeValera while professing rigid Republicanism was willing to compromise. At one point describing how on DeValera's return from America he had entered into negotiations with the British Griffith declared:
"When I went to London DeValera asked me to get him out of the straight jacket of the Republic."
This led to an angry scene, DeValera exclaimed:
"I deny it. It is a falsehood."
His supporters shouted at Griffith who retorted:
"I won't be intimidated by any gunmen here."
A fresh uproar rose and DeValera demanded withdrawal of the offensive expression. The Dail Eireann refused and asked how many speeches DeValera was to be allowed to make. DeValera replied:
"One for every lie."
Griffith also alleged that when he went to London DeValera told him there might have to be scapegoats, and, he added, Michael Collins and himself were willing to be scapegoats, to save DeValera's face.
DeValera reassured that his plan for external association, and that he refused to recommend that the Irish people come under the British crown. Finally it was agreed that the correspondence relating to the London negotiations should be published and DeValera remarked:
"It shall be done before the elections and before the people are fooled."
Griffith declared that in the last fortnight an attempt had been made against the life of Michael Collins.
This was greeted with derisive laughter in some quarters. He further declared that in the current issue of "The Republic of Ireland," a paper edited by an Englishman, Erskine Childers, there appeared an article which alluded to the assassination of the London delegates.
References by Mr. Griffith to Childers' services to England provoked angry protests from Childers. After resenting as an infamous insult Griffith's allusion to him as a gunman, DeValera made his demand for the publication of all correspondence and the setting up of a judicial committee to examine all evidence, hear witnesses and pass judgment. He read a letter to the delegation in London objecting to allegiance to the king and stating that if the alternative was war the Irish people would face it. Mr. Griffith said the reply should be read and Mr. Collins announced that all correspondence would be published.

BODY OF HOOPESTON SCHOOL TEACHER IS FOUND IN PARSONAGE

Carpenter Repairing Unoccupied Manse of Presbyterian Church Finds the Dead Body of Gertrude Hanna—Had Been Missing Five Weeks—Murder is Coroner's Belief

(By The Associated Press)
HOOPESTON, Ill., April 27.—The body of Gertrude Hanna, 25 year old country school teacher who disappeared from her home here five weeks ago, was found today in the basement of an unoccupied parsonage used by the United Presbyterian church.
The body was found by J. P. McKibben, superintendent of carpenters who were employed in repairing the upper story of the parsonage in preparation for the arrival of a new minister. No attempt apparently had been made to conceal the body. It was fully clothed, even to the rubbers she had worn when she left home one rainy night in March. It bore no evidence of violence except for what might have been black and blue marks on the arms.
Miss Hanna, a popular girl, was the daughter of Mrs. Wesley T. Hanna. The family lived two blocks from the church. The pastor, John C. Meloy, left some weeks ago to accept the pastorate of the United Presbyterian church in Evanston.
The girl had been a member of his congregation.
The girl left her home on the night of March 23 early in the evening on an errand downtown. It was raining and she went alone thru a section of the town that is considered dangerous. That was the last seen of her. Friends of her family declared she had had no love affairs and expressed the opinion that she had been attacked and slain.
Father Makes Statement
W. T. Hanna, the girl's father tonight said that owing to his daughter's mental condition, about which the family were very sensitive, they had asked for assistance in hunting for her.
"Our daughter left home the evening of March 24, to do some shopping downtown," he said tonight. "It was raining at the time and she wore her rubbers. When she failed to return home I searched for her that night and did all I could later to learn her whereabouts. I have no theory as to the cause of her death. She had made no threats of suicide previous to disappearing."
The rubbers were found on her shoes, and her clothing was rumpled and disarranged as tho she had crawled or been dragged thru the window.
Coroner Cole said after the autopsy that there were no wounds on the body, but marks were found upon the arms indicating they had been bound by ropes or wire.
"We could find no rope or wire about the place," he said. "The door to the cellar stairway was closed, and locked from the inside by a broomhandle thrust thru staples. It looks as tho she was murdered and that her murderer returned later and removed the things with which she was bound."
Physicians who tonight performed the autopsy, removed the stomach and other organs which will be sent to the University of Illinois medical department for analysis to determine whether poison was used.
Sheriff Knox said tonight the position of the body on a concrete shelf; the condition of her clothing, the cellar door being locked from the inside and other indications pointed to murder but the demented woman may have crawled into the basement after taking poison, fastened the door and laid down to die.
Marks on her arms may have been made when crawling thru the basement window. An analysis of the contents of her (Continued on Page Four.)

BARTLETT DEFENDS PRESIDENT HARDING IN RECENT ACTION

Was Justified in Removing Employees for Public Good

(By The Associated Press)
WASHINGTON, April 27.—"Operation of the government would be clogged without a national civil service law and a civil service commission but some present employees of the government are so partisan and so friendly to the last administration that they do not want this administration to be a success." Assistant Postmaster Bartlett declared tonight before a mass meeting of the National Civil Service Reform League.
The meeting was called for the declared purpose of checking the activities of members of congress and high government officials who seek the destruction of the merit system of the civil service and was attended by leaders in civil service reform movements from various sections of the country.
Samuel Gompers, president of the American Federation of Labor; Warfield Story of Boston, and Mr. Bartlett, who was formerly president of the civil service commission, were the principal speakers.
There is no cause for alarm on the part of the great body of civil service workers who do their work well, Mr. Bartlett said.
He declared that the president has the legal right "as he did in the case of the removal of department heads of the bureau of engraving and printing, to remove officers from civil service whom he deems it for the public good."
"When the people vote a change in administration, not simply a change in the administration," Mr. Bartlett added, "they mean a change in the president. An administration must have efficiency.
"Moreover, everyone knows that new blood brought into any great business is helpful and that without the ability to bring in new blood and new talent from time to time any great business will gradually contract and become inefficient. The extreme civil service view would not permit a president to bring to Washington any new blood."
DR. HARKER SENDS CLIPPING FROM WEST
Dr. J. R. Harker, who is taking a much needed rest at Berkeley, Calif., recently sent a Jacksonville friend a clipping from the San Francisco Chronicle showing the cartoon, "The Pied Piper of Spottles Town." This is a clever cartoon purporting to emphasize the idea of clean up week which was quite universally observed in California.
Dr. Harker wrote that while he was enjoying his stay in the west and had seen some nine cities that "none can quite compare with beautiful Jacksonville, and we will be glad when we are home again and see the dear old college and our friends."

A Chicago man was sentenced the other day to take a bath and accompany his wife and family to church. There are men in Jacksonville who would consider that a very, very severe penalty.

Attorney General Daugherty says that he will prosecute the Anti-Saloon League if it is shown that the league has failed to observe the law by filing a certain report of its expenditures. If this action is only taken great will be rejoicing in New Jersey and some other wet spots.

Thousands upon thousands of Mennonites have removed from Canada into Mexico and are taking up great areas of lands there. Now the Mennonites are pacifists and do not believe in fighting. They will either be compelled to revise their code, or else prove easy prey to the bandits.

A budget system is a fine thing for limiting expenditures, but what is the use of a budget system if the figures are not followed? In the United States Budget that General Dawes outlines \$27,000,000 was set aside for rivers and harbors improvement, but congress is endeavoring to change the amount to \$43,000,000.

Yesterday was the 100th birthday anniversary of General Ulysses S. Grant, and the memory of the great American was observed with impressive ceremonies in many parts of the United States. U. S. Grant was the 18th president of the United States, and history says that his record was excellent. But it is as general of the United States army that Grant lives in the memory of the people. Such is military fame by comparison with that which can

be secured in any other way, no matter how high the post.

EUROPEAN FINANCING TAKES ON A BUSINESS ASPECT.
"Leaders of economic movements for the restoration of Europe to normal conditions of industry and trade are pursuing a wise course when they invite American financiers and American commercial organizations to confer with them with regard to methods by which American capital can be interested in the great work to be done on the other side of the Atlantic," declares the Republican Publicity Association. "That is taking the subject up in a proper manner. That plan places the movement entirely on a business and economic basis, whereas the previous proposal to have the United States government send a representative to the Genoa conference was placing it on a political basis which could not possibly bring satisfactory results. The problems to be solved are economic and they must be solved, if at all, by men who are skilled in business rather than politics. The men who solve the problems must speak for industrial and financial institutions rather than for public institutions organized by government. Apparently many Europeans had been led to believe that because the United States during the war opened its treasury with a spirit of generosity and liberality never before known in the history of the world, that policy would be continued after the emergency of war passed. Instead, therefore, of grappling with every problem in a manner suited to the character of the problem, European leaders and spokesmen of European governments were inclined to assume that upon request the United States would continue to finance the needs of Europe. The plan evidently was to have the United States extend its financial assistance not on the basis of sound credit and security but in accordance with the customs of charity and generosity."

"The new movement which finds its most recent expression in an invitation to prominent American financiers to go over to Europe and confer with financiers there, places the whole matter on a strictly business basis, as it should. According to recent financial reports the savings of citizens of the United States are being invested in European securities at the rate of some \$80,000,000 per month. These investments do not represent large capital alone but to a great extent the savings of

small investors who find in foreign securities what they believe to be a greater opportunity for gain than in securities issued in the United States."

FINE PROGRAM GIVEN FOR KIWANIS CLUB

Miss Sarita Jones Presented Word Picture of Chile—Dr. Read of Department of Welfare Told of State Work—Mrs. Wilder Sang.

Miss Sarita Jones of Santiago, Chile, a student of Illinois Woman's college, made an address at the luncheon of the Kiwanis club at the Peacock Inn Thursday, as did Dr. Charles W. Read of Chicago, an alienist associated with the work of the department of public welfare of Illinois.

Mrs. Hackett Wilder sang a group of songs and in every way the program of the day was one that the club members thoroughly appreciated. President Felix E. Farrell introduced as program chairman for the day Cole Y. Rowe.

The attendance prizes were awarded to President Farrell and High Breeden. Guests of the day in addition to those mentioned above, were Miss Eleanor Thompson, Herbert L. Smith and Malcolm Hulet, of Jacksonville; E. A. Van Zellen, Marquette, Mich; and H. L. Dutch of Galesburg.

Miss Jones gave a very interesting talk on South America, with special reference to her home land, Chile. Naturally the speaker made special reference to educational systems in Chile, where children are first afforded privileges of kindergarten work before beginning that of the regular schools. The whole course of study in the common schools however, is not as long as provided in the cities of the U. S.

Some interesting facts were given relative to the climatic conditions and business affairs of the South American country. England and Germany have been very active in development of the business of the country.

Dr. Read spoke briefly, the facts he presented impressing his auditors anew with the great responsibility that Illinois has in the care of her wards.

Plan for Relief Fund.
A citizen's executive committee has been appointed for the relief of the Scott county flood sufferers and Mayor Carl Miller has endorsed the following plan: That Friday afternoon set aside for the solicitation of funds for the relief of the Scott county flood sufferers, such fund to be held by the Winchester citizens' executive committee, of which Guy Houston is treasurer. Business houses and ward committees and executive officers have been appointed and will begin work at 1:30 Friday afternoon.

News Notes.
Misses Sybil Fox, Louise Frost and Margaret Watt went to Rockridge Thursday to act as judges in a musical and literary contest.

Charles Obermeyer of Chicago is here for a visit with his mother and brother.

The K. of C. will give a dance Monday evening in the Legion hall for the benefit of the flood sufferers.

SON OF FORMER MURRAYVILLE RESIDENT DEAD
Mrs. Charles Sooy of Murrayville received a message Thursday telling of the death of her grandson, Owen Johnson, at the family home in Dike, Iowa. The child was twelve years of age and his death came very suddenly as a result of heart attack. He is survived by his parents, eight brothers and sisters.

The mother of the deceased was formerly Miss Elizabeth Sooy of Murrayville and the family has many friends in the Murrayville community, all of whom will be sorry to learn of his bereavement.

CHAPIN COUPLE WED IN SPRINGFIELD

Miss Vivian Alderson and Henry Vortman Married—Contest Losers Gave Banquet at M. P. Church.

Chapin, April 27.—Miss Vivian Alderson and Henry Vortman stole a march on their friends by slipping quietly off to Springfield Wednesday afternoon where they were united in marriage. They were accompanied by Miss Hermoni Fahlbusch and Harold Jewzery.

The Household Science club have donated a case of eggs for flood sufferers.

Miss Amy Onken returned Thursday from a sixteen day trip in Texas, Arkansas and Missouri. The Boy Scouts with the Scout Master, O. W. Lough, went to the woods Thursday evening and prepared their supper of bacon, eggs and baked potatoes.

The teachers from the community high school and the grade school are attending the teachers' institute in Jacksonville.

The Ladies Bible class and the Young Men's class of the M. P. Sunday school, winners in the recent contest, were the guests of the Men's Bible class, losers in the contest, at a delicious seven o'clock dinner served in the church basement Wednesday evening. The menu planned and prepared by the young ladies included meat loaf, creamed potatoes, hot rolls, pickles, pineapple and nut salad, ice cream cakes and coffee. A delightful social evening followed the dinner, in a spilling contest Mrs. Grover Smith won the honor. Several readings by Rev. Lough were much enjoyed.

The M. P. Ladies Aid held their regular meeting with Mrs. E. M. Nienhuuser on Thursday afternoon. The afternoon was spent in sewing. Light refreshments were served.

PLAYS PRESENTED BY YOJASOVI GIRLS

Large Audience Enjoyed Clever Dramatic Work Seen in "Her First Assignment" and "A Russian Romance."

A large audience was present at the auditorium of the Illinois School for the Deaf Thursday night to witness the two plays presented by girls who are members of the Yojasovi camp fire. The high school orchestra furnished music and the program given added very greatly to the pleasure of the occasion.

"Her First Assignment," a comedy in one act, by Gladys R. Bridgman, was first given, the cast including Misses Caroline Doane, Carol Lander, Helen Cleary, Mabel Rogers, Mary Janet Capps, Lois Harney, Helen Walton, Gertrude Tompkins, Lavinia Scott and Helen Turner.

The clever comedy was well cast and each one of the girls met the demands of her part in a satisfactory way.

"A Russian Romance" by Helen Kane, came next. This is a play in three acts, presenting a very interesting story centered about a Russian refugee who following her escape from Siberia came to America to search for the man she loved and from she had been ruthlessly separated. The parts were all carried with great ability and were presented by the following: Misses Mary Edith Baumgardner, Catherine Wilson, Elizabeth Scott, Sarah Russell, Maude Eva Hackett, Margaret Goebel, Frances Griswold, Edith Putnam, Carol Lander, Angie Joy, Lois Harney, Eleanor Mae Ames, Joyce Lander and Elizabeth Johnson.

The two plays were coached by Mrs. Frank J. Heini, guardian of the camp fire, but she was compelled by illness to give up the work about a week ago, when Miss Katherine G. Forward assumed their direction and ably managed the presentation.

Mrs. W. T. Wilson planned the costumes for "A Russian Romance" and Mrs. J. W. Walton those for "Her First Assignment." Mrs. W. T. Capps and Miss Georgia Fairbank had charge of the properties. Miss Jordan and Miss Hackett did the make up and John Hackett, Jr., was stage manager. Miss Ruth Bailey, assistant guardian of the camp fire, was the business manager for this event.

The excellent musical program was possible by courtesy of the high school orchestra. This is the third year that the girls of the camp fire have presented highly creditable plays and each year has contributed time and talent to their success.

The selection of plays for so large a group of girls and in which there are no male parts was in itself a difficult task. Mrs. Heini spent many weeks in reading and reviewing plays before choosing the two presented last night.

Y. M. C. A. NOTES.
The executive committee of the Morgan County Sunday School Association will meet Friday noon at 1 o'clock in the basement of Ayer's National Bank.

Fifty boys thus far have made applications for the "Self Analysis Blanks" Mr. Findley reports. The interviews will probably be held May 12, depending upon whether the District State Secretary can be here or not.

The Y. M. C. A. is planning on having a "twilight league" as in former years. About eight teams are expected to comprise the league.

LARGE ATTENDANCE AT TEACHERS' INSTITUTE

More than 300 Teachers Gathered in City Thursday for Final Institute of School Year.

The Morgan county teachers institute opened its sessions in the high school auditorium Thursday morning and the sessions will continue through today. More than 300 teachers are in attendance at the institute, and the program is of more than usual interest.

The session Thursday morning opened with a brief talk by County Superintendent H. H. Vasconcellos. Afterward came a brief musical program by Fred Myers, head of the violin department of the School for the Blind, and one of the pupils at the institution.

H. A. Perrin, superintendent of the Jacksonville schools, made the main address of the morning, basing his remarks upon Herbert Spencer's four principles of education, and also upon the statements of Chester Parker, prominent among present day educators. The four objectives which the speaker quoted from Spencer were: first the health objective; second, social service activities; third, good fellowship; fourth, the constructive use of leisure. On each of these points Mr. Perrin dwelt briefly, especially emphasizing the importance of the first and fourth.

Education along health lines, the speaker said, is of paramount importance, a physical problem are so closely related to those of the mental state that it is impossible to separate the two. The proper use of leisure time is a problem which is receiving more and more attention from educators. The misuse of leisure is the main factor in the failure of many to reach the goals for which they seek.

The general meeting in the morning was followed by a number of sectional meetings. Prof. Somerville of Wesleyan university addressed the high school teachers' division, discussing "Enoch Arden" while the grade teachers were addressed by Prof. Felts of Southern Illinois Normal at Carbondale. The primary section was addressed by Miss Hardy, instructor in the primary department of Chicago University.

The afternoon session began with a physical training demonstration by pupils of Miss Yeck in the first ward. Pupils of that ward also presented a sketch from a health play, these features adding materially to the interest of the program.

At the general meeting in the afternoon the teachers heard Prof. Somerville discuss Lew Wallace's "Ben Hur," and the same speaker appeared before the grade teachers section in a discussion of James Whitcomb Riley. The high school section in the afternoon was addressed by Prof. Felts on the general subject of recitations. Miss Hardy was the speaker at the primary section meeting.

DEAF GIRL INJURED BY AUTO THURSDAY

Miss Theresa McLain Struck by Car Driven by Miss Elizabeth Barr—Is Patient at Our Saviour's Hospital.

Miss Theresa McLain, an employee of J. Capps & Sons in a patient at Our Saviour's hospital as the result of being struck Thursday at noon by an automobile driven by Miss Elizabeth Barr. The accident occurred at the corner of North Fayette and Jordan streets.

Miss McLain was going home to dinner at the time of the accident. She was knocked down but when Miss Barr stopped and backed up to see if she could be of assistance she said Miss McLain was gone. Miss Barr said the girl apparently walked right into the rear fender of the car.

Miss McLain went home to dinner and then returned to the factory to work. Shortly after getting to the factory she was taken ill and Dr. Bowe was called and had the injured girl taken to Our Saviour's hospital. Her examination showed that both legs were cut and bruised about the knees and she also had injuries on the back and chest, and was suffering from shock. Unless complications set in Dr. Bowe says she will recover.

Miss Barr greatly regretted the accident but believes that it was unavoidable.

WORK PROGRESSES IN SELECTION OF JURY FOR SMALL

(Continued from Page One)
 Only 17 men were examined today the smallest number since the trial started and tonight court adjourned in just the same situation as last night with the state ready to tender four men for the second panel. Two of these four previously had been passed by the defense and, unless something new regarding them is uncovered tonight they probably will be finally accepted tomorrow. Fixed opinions acquired from reading newspaper articles about the case continued today to be the stumbling block which kept many men off the jury. Eighty-seven men have been examined since Monday morning and fully three-fourths have pleaded that they had formed opinions. Elmer Rogan, a real estate man, cost the state one peremptory challenge today. Passed by the defense, he told Ralph Dady, of the prosecution that he had read very little about the case and had no opinion on it. Dady developed that Rogan is a brother-in-law of a local lawyer who formerly was clerk in the office of Alexander F. Beaubien, one of Governor Small's lawyers. The prosecution tried to develop grounds for a challenge for cause by questioning Rogan about his view on circumstantial evidence but the prospective juror answered the questions satisfactorily, and a peremptory was finally necessary to dismiss him. Mr. Beaubien used his first peremptory to get rid of Fred J. Holm, after Judge Edwards denied a challenge for cause when Mr. Holm told down on the educational test used for the first time by the defense. The governor's lawyers tried the prospective juror on such words and phrases as consistent, divergent, scintilla, hypothesis, allegation, demeanor and negotiable instruments. The second defense peremptory was used to excuse Norman Green employed in the boiler department of the public service corporation of northern Illinois. Mr. Beaubien asked Mr. Green if he would be prejudiced against the governor because of the latter's platform endorsement of lower rates for public utilities. The prospective juror said he would not let that influence him and so the defense was forced to exercise the challenge to keep him off the jury.

MURRAYVILLE BOARD ISSUES STATEMENT

Board of Education Presents Statement About Coming Election on Proposition of Discontinuing Community High School

The following statement has been issued by the board of education of Murrayville with reference to the election which is to be held there tomorrow, when the proposition of discontinuing the present community high school will come before the voters:

In view of the fact that an election is to be held very soon, to vote on the proposition of discontinuing the present Community High School, we wish to submit the following to the voters of this community, to show, briefly, a few facts connected with the case, that are not usually mentioned by opponents of the Community High School.

The present high school organization came into existence without one cent of money. In order to proceed with the business, funds sufficient to run the school for a year, were raised by a loan.

To provide for the refunding of this money and establish a working fund, a tax rate of 58 cents was levied. This rate brot in ample funds, exclusive of \$700 held up on disputed territory, to pay attorney's fee, to buy equipment much needed for library and laboratory and in addition to leave a balance at the close of the first fiscal year of \$2183.71.

More money was borrowed to take care of the second year which will soon close, but as soon as the taxes are in, this will be paid and the balance will show that another nice gain has been made.

In three years with the above progress, the district will be free of indebtedness and have sufficient funds to finance the school through the next year without borrowing.

After the indebtedness is cancelled and with no expense, other than the actual running expenses, the tax rate can be cut at least one-third of the original rate.

The present enrollment of the high school is sixty-seven. Twenty-two of these students reside in the local district, No. 45. The remaining forty-five, are from the adjoining territory, which with district 45, make up the Murrayville Community High School District. Should this district cease to function, these forty-five students will be thrown into the Non-High School District of the county and be permitted to attend a high school upon the payment of a tuition, which comes from a county fund, derived from taxes on this Non-High School District. This territory may soon be lessened very much, as our neighboring towns are either establishing community high schools or contemplating it.

Persons now residing in the Murrayville Community High School District stand in danger should it be discontinued, of being drawn into some other high school district, either formed or being formed, or of being left in the Non-High School District where they will still be taxed for high school purposes, at a rate that will be equal to and perhaps greater than the rate which the Murrayville Community District will be in a position to levy within the next three years.

It is a well known fact that every dollar spent for better schools, in any community, will increase the value of property more than the money spent and in view of a guaranteed reduction in the tax rate in the near future, why not be satisfied with the present outlook rather than take chances on some unknown project.

Aside from the tax question, consider the welfare of your town, community and the oncoming generation. If you are to pay money to support an institution in any community, why not support the ones at home. Don't your children deserve the same opportunities that children have in other community high schools?

Before voting against your present school system, be very sure that you are now being hurt to a greater degree than you or somebody else is being benefitted.

The Board of Education.

ALEXANDER MAN SUFFERS INJURY

Earl Moody Has End of Right Thumb Cut Off in Concrete Mixer—Employed by Walter Lonergan on Hard Road Construction.

Earl Moody of Alexander, who is employed by Walter Lonergan contractor for the hard road east of Jacksonville was painfully injured yesterday afternoon when his hand was caught in one of the concrete mixers used in the construction of the hard road. DISASTER NARROWLY
AVERTED ON TRIP

(Continued from Page One)

forth great applause from 15,000 persons when he expressed his belief that the great union leader would have approved "all the republic has so recently done in joining other nations in lifting the burdens of armament and prompting understandings which make war less likely."

The audience composed mainly of Ohioans who had journeyed here to celebrate the centennial of Grant's birth, cheered also when Mr. Harding declared the "sacrifice and nationwide service in the world war revealed the common American soul."

Mr. Harding spoke from a stand immediately adjoining the spot on which stood the cottage where General Grant was born. Mrs. Harding, Mrs. Fred Grant and other distinguished persons were on the platform. A group of Grand Army Veterans followed closely every word of the president.

Before beginning his prepared address Mr. Harding expressed his pleasure at coming to a village like Point Pleasant for an occasion like that of today.

"I would rather have come to a spot like this," he said, "than to any other in the republic that I could choose. Not but what I have great reverence for the genius and the determination and the determination and the capacity which belongs to great cities but if my observations count for anything I want to say to you that the one everlasting anchorage of this republic is in the communities like this in which we are gathered."

Grant Sustained Lincoln

Cheers and handclapping came from his hearers when Mr. Harding said of General Grant that he only wanted to sustain Lincoln whom God inspired to bestow freedom and again when he declared

"he fought for a preserved union and restored nation, and succeeding generations are richer because of his example."

He praised the union leader as a great hero and military commander.

The trip of the president and his party to Point Pleasant no the government Cayuga was made thru a continuous ovation from tens of thousands of persons who lined the Ohio river on both the Kentucky and Ohio banks. His party to Point Pleasant on purposely slow so as to permit the boats bringing people from Cincinnati to keep up. The accident to the Island Queen retarded the program a little.

Friends of the people were warm in their praise of the action of Richard J. Davis, chief of the white house secret service and of Ed Sterling, assistant chief in making the trip to Point Pleasant possible.

They did not believe as a matter of safety that the president should travel on a boat with nearly 2,000 persons.

Mr. Harding and his party returned to Cincinnati immediately after his address and were guests of Charles P. Taft, publisher of the Cincinnati Times-Star at dinner before leaving for Washington.

WITH THE SICK

Charline Eyre of 922 West College avenue is confined to her home with tonsillitis.

Irvin Stevenson, who underwent a serious operation at Passavant hospital several weeks ago, is now at his home on South Prairie street and is recovering his strength in a satisfactory way.

Mrs. Anna Butler of Beards-town is visiting relatives in the city.

Mrs. Mary E. Wright and son, Harold were listed among the shoppers in town Thursday.

LOCAL CITIZEN GETS
BLACK HAND LETTER

R. Y. Rowe Ordered to Hand Over \$5,000 or Suffer Serious Consequences—Recipient of Letter Feels Highly Complimented.

Jacksonville, up to date in every other respect reached her climax a few days ago when R. Y. Rowe secretary of the Cloverleaf Life and Casualty Company, received a "Black Hand" letter.

The letter demanded that Mr. Rowe place \$5,000 good iron dollars with Uncle Sam's stamp of approval on them under a cult near residence of Jeffrey Cleary west of the city. This was to be done before 6 o'clock on the evening of Tuesday, April 26. The letter threatened Mr. Rowe with all kinds of calamities and intimated that his hours on earth were short if he failed to obey the command.

Now Mr. Rowe naturally felt highly complimented to be placed in the class of J. Pierpont Morgan, John Rockefeller and other money kings, even if his time on earth was going to be considerably restricted. However, he was undecided as to what action to take.

Of course not being in the habit of carrying a small sum like \$5,000 around in his vest pocket, Mr. Rowe consulted the postoffice department for advice. The letter was turned over to Postmaster Dunlap and he in turn gave it to the investigating department.

Mr. Rowe was advised to place the amount demanded under the cult at the south end as the black handers ordered. And by the way the aforesaid gentlemen knew that Mr. Rowe drove an Essex car for they told him to use it for the trip. Mr. Rowe also obeyed that order for he was afraid they might not take the money if he hauled it out in a Ford.

So too by himself, without even a toothpick for protection and the package containing the \$5,000 hard earned simoleans by his side in the car seat, Mr. Rowe as the evening shadows were gathering drove to the rendezvous named. Getting out of the car he placed the money in the spot indicated, jumped in his Essex, "stepped on her" and came back to town.

But the package was never taken. There it reposed \$5,000 of the only money on earth at the present time that is worth face value. But the black handers must have blown out a tire or run out of gasoline for a postoffice inspector rescued the money and brought it back to Mr. Rowe and it was placed in his strong box at the bank to await further orders.

The postoffice department is working on the case but so far has been unable to gain any clue in the matter. However, Mr. Rowe intends to keep his \$5,000 handy and ready for immediate delivery any place where it does not have to be carried by airplane.

GEN. GRANT'S VISIT
TO CITY RECALLED

Famous American Here at Head of Troops in 1861—Nineteen Years Later Came as an Ex-President of the U. S.

The fact that yesterday was the 100th anniversary of the birth of U. S. Grant recalled to the minds of the older residents of Jacksonville that General Grant was a visitor in this city at least twice. History shows that on July 5, 1861, General Grant, who did not have the title at that time, marched with the company of troops from Springfield to this city. A stop was made at the old Morgan county fair grounds, just west of Jacksonville, and at night the troops camped in Allison's grove in the Point neighborhood.

Then in July, 1880, following his defeat for the renomination for the presidency, General Grant was a guest in Jacksonville for several hours. The party traveled on a special over the C. & A. road. A mass meeting in honor of the distinguished visitor was held in Central park, when the principal address was delivered by Prof. W. D. Sanders. At a later hour a smaller number of persons attended an informal reception for the general and his party, given at the Yates home on East State street.

Mr. and Mrs. Jeff Lawson of Beards-town were shopping in the city Thursday.

Frank Sumpter was in the city from Chapin to visit his son who is a patient at a local hospital.

C. OF C. DIRECTORS IN
WEEKLY CONFERENCE

Twelve Members Lost and Twelve Members Gained Is Unique Record of Year—Report Indicates Hard Road to the West This Year.

The regular Thursday conference of the directors of the Chamber of Commerce was held Thursday night. One of the most important reports presented was that by President R. Y. Rowe, who told of his recent visit to the offices of the state highway department in Springfield. Mr. Rowe was given assurance that the preliminary plans for the hard road from Jacksonville to Lynnville have progressed to such an extent that bids can be asked by July 1.

Mr. Rowe was also given some further hard road information, as a department representative informed him that the road from Jacksonville to Alton will be built via the McCuskey route. This with a stretch between Carrollton and Kane, and another between Roadhouse and White Hall, will also be ready for construction bids by July 1.

In the discussion following this report, the question of improving the Jacksonville to Virginia road with oil, or the securing of federal aid was discussed and some steps toward securing the improvement will be taken.

A report made by Secretary Welch showed that during the past year the chamber of commerce has lost 12 members, either by death or removal, but that 12 new members have been received. It is a remarkable fact that all members but 18 have paid their dues for the year. A special committee will be named to interview those in arrears.

The figures from the flood relief committee showed a total of \$5,558 in subscriptions, received up to 9 p. m. Thursday. Informal reports were given by the trade extension committee, the housing and building and loan committee and by the secretary with reference to the Morgan county fair.

The coming civic conference to be held in Decatur, May 5, was mentioned, urgent invitation having been sent by Decatur to have the chamber of commerce represented. At the morning session Mayor E. E. Crabtree will preside, when "City Government" is to be the theme for discussion. "The City Manager Form of Government" will be the theme of Dr. Hutton of New York City, and Mayor Borchers of Decatur will discuss "The Commission Form of Government."

UNITY WORKERS OF
WOODSON CHURCH MET

The regular meeting of the Unity Workers of Woodson Presbyterian church was held Thursday afternoon at the home of Mrs. George Cunningham. The program for the afternoon was in charge of Mrs. A. E. Powell, the vice president, and was as follows: Devotional exercises. Reading—Mrs. Steinmetz. Reading, "The Single Head of Wheat"—Mrs. Earl White. Paper, "The Statistical Survey of our Congressional District"—Rev. A. E. Powell. Paper, "A Community Project in Hollywood"—Mrs. Ina Colton.

At the business session it was decided to send a contribution of foodstuffs to the flood sufferers at Naples, and members were asked to leave their donations at the Colton residence by Sunday. Action was also taken for the purchase of a lawn mower and a projection screen for the church.

"There are no wounds on the body and no indications whatever concerning the manner of her death," said the Sheriff. "We can do nothing further until we get a report on the autopsy and contents of the stomach. No bottle that may have contained poison has been found. If she was murdered her body was later dragged into the basement thru the window."

CHICAGO, Ill., April 27.—The Rev. John C. Meloy, pastor of the United Presbyterian church of Evanston, a fashionable suburb, who formerly occupied the house in Hoopston, Ill., in which the body of Miss Gertrude Hanna was found today, expressed deep regret tonight when informed of her death.

Mr. Meloy said that the young woman was a member of the congregation of the church of which he was a pastor in Hoopston before he received a call to Evanston. He said that he had left Hoopston with his family last December and so had not heard of the disappearance of Miss Hanna.

WEDDINGS

Lashmet-Shirley.
The wedding of Mrs. Louella Corinne Shirley of Woodson and Joseph C. Lashmet of Franklin was solemnized last evening, at the home of the bride's parents, Mr. and Mrs. J. H. Shirley, in Woodson, Rev. G. W. Miller officiating. Only the members of the immediate families were present. After the ceremony an elaborate wedding supper was served. The newlyweds will make their home on a farm near Franklin.

The bride is very popular and held in high esteem in this community where she has spent her entire life. She is a member of Woodson Christian church.

The bridegroom, who is a son of Mr. and Mrs. Charles Lashmet of Franklin, is a well known prosperous young farmer, of the Franklin community.

J. C. Colton of Woodson was numbered among the shoppers in town Thursday.

George North, president of the Peoples Bank at White Hall, was in the city on business yesterday.

"Sterling"
Do You Know Exactly What it Means?
The word "Sterling" when applied to articles of silver means that they are of SOLID SILVER—925-1000 pure.
It is generally known and understood that there are many articles of SOLID SILVER, but do not know the real meaning of the word "Sterling," and invariably ask, when looking at such an article "Is it solid silver?"
"Sterling" is not merely a figurative adjective to be applied to a man or woman, but is an actual trade name used by manufacturers of silver to designate its absolute pure quality.
An article in silver marked "Sterling" has with it an unsailable guarantee as to its quality, and therefore its durability.
We are showing many of the newer designs in "Sterling" most suited to wedding gifts.

CIRCUIT COURT IS
SOON TO CONVENEFRIDAY LAST DAY OF SERVICE
FOR MAY TERMDocket Shows Larger Number of
Suits Than Usual Especially On
Chancery Side—Several New
Cases Filed Yesterday.

Today will be the last for securing service for the May term of court. Judge Burton will convene the May term on Monday, May 1. The docket as prepared by Circuit Clerk Frank E. Wana-maker shows more than the usual amount of business. Thus far there are nineteen criminal cases and it is understood that grand jury action is likely to add a number of others to the docket.

Common law continuances number fifty-five and there are fifteen new cases in addition to those filed yesterday. It is on chancery side of the docket that the most business appears. The number of continuances and appearances is 118, in addition to the several new cases that were placed on file Thursday.

Mary White as administrator, in a bill for divorce filed by Mrs. Annie Hoffman, the complainant seeks separation from her husband, Otis Hoffman. The marriage, according to the declaration, occurred March 16, 1919, and a statutory charge is made. Wilson & Butler represent the complainant.

M. F. Dunlap is the complainant in a foreclosure proceeding brought against John Cherry, Mrs. Mary T. Cherry, Sarah Con-

boy and Mable Conboy. The mortgage on which this suit is brought was filed Thursday.

The Avera National bank has also brought an action against John Cherry for \$20,000, and judgment is taken by confession. The three notes for this indebtedness were given late in 1921. Thompson & Thompson are attorneys for the bank.

Thomas H. Buckthorpe has brought a foreclosure suit against G. J. Tannehill, and is represented by Bellatti, Bellatti & Moriarty. The amount of the claim is \$300. Mrs. Minnie Mawson is complainant in a trespass on the case on the premises against Charles Middleton. Only the praecipe in this case has been filed by the attorney, D. J. Staley, and indicates that damages of \$3,000 are alleged.

A partition suit has been filed by F. L. Gregory as attorney for Nina Lumley, the suit being brought against Elba Lumley, et al. It is sought to bring about a division of lots 68 and 69 in Park Hill addition.

Wilson & Butler represent Harry Cade as trustee in an action against J. W. Kelly, et al. Mr. Cade as trustee in bankruptcy seeks to have the court set aside a deed whereby J. W. Kelly transferred to his wife a certain property in Nortonville which was later transferred to J. L. Dwyer. It is alleged that these transfers were made with the intent of defrauding certain creditors of Mr. Kelly.

The docket for the term follows:

Under Price Gas Ranges Mean

Over High Gas Bills

Would You Prefer an Initial Saving of Three or Four Dollars, or a Monthly Saving of 50c to \$1?

The First Cost of the Gas Range is a Small Matter Comparatively; it is the Cost of its operation the Year Around That is the Most Vital Point for You to Consider

It Costs Less to Operate a New Method Than Any Other Gas Range

These figures were secured as the result of a most thorough competitive test with twenty makes of stoves.

Supposing that the initial cost of some unknown range was \$2.00 or \$3.00 less, and your gas bills were \$4.00 a month.

With the New Method there would be a saving in your gas bills per year of more than the difference in cost between the two ranges.

Is This Saving Worth While?

Especially when you consider that the New Method is enameled throughout, even including the burners, which makes it the most sanitary range made. Split oven doors, movable simmering burner and lighter, are the other features not found in any other stove.

RED CROSS NOW IN CHARGE OF RELIEF

Has Charge of Flood Relief Along Illinois River—Local People At Pearl.

Maurice R. Reddy, director of the United States hospital No. 30 at Chicago, and who is now in charge of the relief work at Meredosia, reported yesterday that the Hartwell and Fairbanks ranches are well under water. The whole district around the town is flooded with the exception of the high bluffs away from the river. Mr. Reddy and a corps of Red Cross relief workers are aboard the ship "Illinois," and are operating up and down the river taking supplies and other kind of aid to the flood sufferers.

They report that the whole country is under about ten feet of water only the peaks of the barns and houses can be seen. The Hartwell ranch mentioned above is near Pearl, Illinois and the airbanks land is near Campsville. Captain Malloy, of the U. S. Coast Guards, Great Lakes, has withdrawn his forces and has gone back to the Great Lakes and the flood rescuing work is now left completely in the hands of the Red Cross.

Miss Elizabeth Jack, field representative of the Central Division, together with Miss Grace Carter and Miss Jacobina Riecke, both of this city, are stationed at Pearl, Illinois. It is hoped that Miss Jack can handle the situation in this town and Miss Riecke can be sent to Jackson Valley for health work. Miss Dorothy Williams, nurse for the Central Division, is now at Naples. At present there is enough food and clothing for the immediate need of the people in the latter town. Miss Margaret Gaynor is stationed at Valley City and Miss Mary McKay, director of the nursing activities committee of the Central Division, is stationed at Campsville.

Although the water is lowering in some districts, it seems to be raising on some of the farms and ranches around the river. A number of boxes of clothing were sent from Jacksonville yesterday. These supplies are sent to Meredosia where they are put on board the relief ships and distributed along the river in the districts where they are most needed.

S. H. Clark will read "Les Miserables," April 28, 8 p. m., in Music Hall, I. W. C. Admission \$1.00.

GRANT GAINES NOW IN SOUTHERN NCITY

Grant Gaines, who left Jacksonville several weeks ago, is temporarily located in Mobile, Ala., where he was sent by the house he is representing in southern territory.

In a letter to a Jacksonville friend Mr. Gaines recently said: "The temperature down here now ranges from 76 to 80 degrees. Business in the south is getting better and the general outlook is favorable, the business people seem to feel optimistic. "I want to tell you about attending the Business Men's Bible class at the First Baptist church here this morning. A salesman came down in his car for me and there were 52 men in the class, almost every denomination being represented."

Arthur Letze, principal of the Murrayville school, was in town yesterday to attend the Teacher's Institute.

Stated Assembly of Jacksonville Council No. 5 R. & S. M. this evening. Visiting Companies welcome. G. F. Haigh, T. I. M. John R. Phillips, Rec. . . .

Mrs. Ella Coultas and daughter from Chapin were shopping in the city Thursday.

MISS BACON WEDDED TO CHICAGO MAN

Marriage of Former Jacksonville Girl to Thomas P. Smith Solemnized.

Brief mention was previously of Miss Georganna Bacon former-made of the marriage in Chicago by of this city to Mr. Thomas P. Smith of Chicago.

The ceremony was performed by Rev. Mr. Darney at St. Lucy's church, Austin. First came Mrs. James S. Alkire sister of the bride as matron of honor. Her dress was of grey canton crepe with hat to match and carried arm bouquet of Easter lilies. Miss Catherine Altman as maid of honor came next wearing a dress of peach canton crepe with brown chiffon and she carried Easter lilies. Roland Metzger dressed in white satin was the ring bearer and carried the ring in a calla lily.

Little Grace Hairgrove preceded the bride as flower girl, her dress being yellow canton crepe. Next came the bride on the arm of her brother-in-law, Mr. J. S. Alkire, who gave her away. The bride's dress was of white satin canton crepe with veil and she carried shower bouquet of white roses and lilies of the valley.

The ushers were Mr. Tom Moran of Chicago and Riley J. Alkire of Jacksonville. Mr. Smith was attended by Ray McGrath of Chicago as best man. Preceding the ceremony Miss Mildred Lippert sang, "Because," during the ceremony "Ave Marie" and just before the recessional, "I Love You Truly."

Among the out of town visitors were Mr. and Mrs. James S. Alkire and son Riley, Mr. H. C. Bacon, father of the bride, and Mr. and Mrs. Roy Leach, all of Jacksonville. Many useful and beautiful presents were received.

Mr. and Mrs. Smith are at home at 1832 W. Grand Blvd., Detroit, Mich., where Mr. Smith is city treasurer for the American Can Co.

GRIDIRON DINNER A NOTEABLE EVENT

The Gridiron dinner in Washington Saturday night, at which President Harding and Vice President Coolidge were the guests of honor, was one of the most notable events in the history of the Gridiron organization. This club of Washington newspapermen and correspondents has been in existence since 1885 and the dinners given from year to year have come to be accounted among the important social events and literary events at the national capital. The programs given are unique and prepared as they are by some of the cleverest newspaper writers in the country. Have a place all their own.

The Saturday night dinner was at the New Willard hotel and in addition the special guests of honor, including the president, vice president and members of the cabinet and ambassadors of foreign countries, there were about 200 other guests.

Col. Edward Clifford, now assistant secretary of the treasury, was one of the guests and sent to a Jacksonville friend a printed program of the event, which gives quite a clear idea of the table arrangement and other details.

The Ladies Aid Society of Lynnville Christian church will hold a market Saturday, beginning at 11 A. M. at Dorwart's Market.

ROTARY LUNCHEON TODAY

At the luncheon of the Rotary club today Vincent R. Riley retiring president, will make an informal address. Another speaker will be Dr. Somerville, of Illinois Wesleyan University, who is president of the Bloomington Rotary club.

There will be a special musical program, including a solo by Urel Gouveia, who will sing Reginald Barnicott's "The Maiden in Gray."

Dr. J. G. Ames went to Carrollton Thursday afternoon to serve as judge in a literary contest their last night.

JACKSONVILLE SENT OUT CASH YESTERDAY

Fifteen Hundred Dollars to Beardstown and \$500 to Naples—Total Subscription Now Over \$5,000.

Fifteen hundred dollars in cash was sent yesterday from Jacksonville by the local Illinois Flood Relief Committee, to E. E. Shultz, treasurer of the Beardstown Flood Relief Committee. This makes a total of \$2,000 that has been sent to Beardstown by the citizens of Jacksonville. Five hundred was also sent yesterday to Mrs. John Chambers, Mayor of Naples, for distribution among the flood sufferers in Naples. This makes a total of \$1,000 sent to the latter town.

A shipment of 275 pounds of meat was made yesterday to Meredosia and an order of candy was also included in the shipment. These supplies are sent to Meredosia and there put on board the Red Cross Relief steamer "Illinois," and from the boat distributed to the districts where aid is needed.

The work of soliciting money in the wards is practically completed. The fund raised in Jacksonville went over the \$5,500 mark last evening, and this is considered by the committee to be a good showing for the city. All the subscriptions have not been turned in and when the work is completed it is thought that the total will near \$6,000.

The following letter was received yesterday by Louis Frank, chairman of the Jacksonville flood relief committee, from F. J. Kuhl, chairman and E. E. Schultz, secretary of the Beardstown Flood Relief Committee.

"The committee as well as all the citizens of Beardstown are delighted with the spirit that Jacksonville has shown during our panic. It shows you are a real, true neighbor of Beardstown's, as your very liberal donations are going to do a mighty good work in Beardstown. It is appreciated and we all thank you very much. "Relief work is progressing very smoothly due to such liberal subscriptions as yours. "Beardstown is in hopes that she will be able to reciprocate in some way to Jacksonville in the future but hopes that it will not be under the same circumstances."

The report from the committee yesterday showed the following totals in Jacksonville:

Engagement of Miss Mansfield to C. S. Radcliff, Announced.

At a delightful evening affair given Wednesday by Miss Ethel Wilder at her home on West College avenue, Miss Louise Mansfield, who is to be the June bride of Clarence Radcliff, was the guest of honor. Miss Mansfield has resigned her position as a member of the faculty of the David Prince school. The other members of the faculty of the school were the guests at this pleasant farewell affair.

Miss Mansfield is the daughter of Mrs. Julia Mansfield, of 408 West College avenue and has many friends in Jacksonville where she has made her home for some time. She has been a teacher in the Junior High school for several years.

The groom to be is the son of Mrs. Hannah Radcliff of 864 N. Main street and is well known in Jacksonville. He is a musician of ability and is popular in musical circles of the city.

Party for Miss Woods Tonight.

The members of the staff of the Public Library are planning a farewell party this evening in honor of Miss Bernice Woods who is to leave next week for Peoria to take up government work. The party will be given at the home of Miss Grace Hopper on North Prairie street and a delightful evening is being planned. Miss Woods has been a member of the library staff for some time and it is regretted that she is to leave her work in Jacksonville.

Hostess to Card Club

Mrs. Don Butler entertained the members of her card club yesterday afternoon at her home on South Main street. Three tables of bridge were made up and the hours spent in playing were most enjoyable. An attractive luncheon was served at the close of the afternoon. A pretty scheme of house and table decorations was carried out by the use of spring flowers. Mrs. Fred Hall of Springfield was a special guest at the club yesterday.

Hostess to South Diamond Club

The members of the South Diamond club were entertained very delightfully yesterday afternoon at the home of Mrs. E. D. Herald on Edgemond street. The hostesses for the day were Mrs. Herald, Mrs. James I. Graham and Mrs. Edgar Martin. The afternoon hours were pleasantly spent with sewing and music and a general good time. Late in the afternoon the hostesses served refreshments.

Hostess to Wives of Patriarchs.

Mrs. E. J. Phillips very delightfully entertained the members of the Wives and Patriarchs yesterday afternoon at the home of her daughter, Mrs. George Siegfried on South East street. Mrs. Phillips was assisted in entertaining by Mrs. George Siegfried and Mrs. Clarence Siegfried. There were about twenty two members of the club present and the hostess had invited a number of guests.

The afternoon hours were very pleasantly spent with an interesting program of games, readings, music and guessing contests planned by the program committee in charge of Mrs. T. S. Martin. At the close of the program a delicious two-course luncheon was served and a delightful social hour enjoyed. The home of the hostess was attractively arranged with bright spring flowers and the function was a pleasant one in every respect.

Among the guests of the afternoon were Mrs. James Buffe, Mrs. James Strawn, Mrs. R. A. Mann, Mrs. Harry Phillips, Mrs. H. C. Busby, Mrs. Harry Cobb, Mrs. J. R. Phillips, and Mrs. Clarence Siegfried.

FLOOD FUND CAMPAIGN WILL CLOSE SATURDAY

Chairman Frank Expresses Hope That Outstanding Pledges Will Be Paid Today—Thursday Night's Total \$5,558.

The flood relief fund, according to an announcement made yesterday by Louis Frank, chairman of the committee, has reached a total of \$5,558. That was the amount of subscriptions up to 9 o'clock Thursday night. Still other subscriptions have been promised for today and it now looks as if Jacksonville and some of the territory surrounding is going to give \$6,000 for this good cause.

The following statement with reference to the campaign was made last night by Chairman Frank thru Secretary Welch:

"We are desirous of closing the Flood Relief campaign by Saturday evening, April 29th. There is about \$1,000 outstanding in pledges and it is the wish of the committee that this be checked in Friday.

"All active campaigning for money will end Saturday noon although subscriptions will continue to be received at the Chamber of Commerce as long as any one wishes to donate.

"This has been an emergency campaign and it is not to be a long drawn out affair. The campaign opened one week ago today and has been very successful."

FAVORITE LODGE HELD JUBILEE

Large Number Present When Members Celebrate Reaching 500 Mark in Membership—Interesting Program and Dancing.

An audience composed of members, their families and visitors from sister lodges filled Castle hall Thursday evening when the reaching of the 500 mark in membership was celebrated.

L. F. Jordan called the meeting to order and introduced H. H. Bancroft as chairman of the evening. Mr. Bancroft made a brief address dwelling on the history of Pythianism in Jacksonville and of Favorite lodge in particular.

The lodge was organized and installed September 7, 1892 in the hall in the Benson block on South Sandy street. The charter membership numbered fifty and of that number eight are still active in the lodge. The membership is now 502 and has more than doubled in the last ten years.

Following Mr. Bancroft's address the following program was carried out:

Selection—Goodrick Orchestra. Address—H. H. Bancroft.

Piano solo—Miss Margaret Marker.

Reading—Miss Harriet Keys. Group of Songs—Miss Le Nore Kreige.

Piano solo—Miss Nellie Seif. The Misses Merker, Keys and Kreige are all students at Illinois woman's college. All of the numbers were received with enthusiasm by the large audience.

Dancing then followed music being furnished by the Goodrick orchestra and frappe was served during the evening. The committee in charge was composed of L. F. Jordan, Arthur Reeve and J. E. Scott.

NEW COLLEGE SOCIETY FORMED

A number of students of Illinois College not affiliated with any of the existing societies met Thursday evening and reorganized the Gamma Nu society.

The society starts with a charter membership of twenty. The constitution has already been adopted but the time of meetings has not been fixed.

At last night's meeting permanent organization was effected and officers elected. The officers of the society are:

President—Frank Caldwell. Vice President—Nelson Jones. Secretary—Loren J. Foreman. Treasurer—John T. Atkins.

Gamma Nu society flourished on the hill about twenty years ago. Dr. A. H. Doller and W. H. Cocking of this city were members of the society and Stephen Capps of Washington, D. C., also was an active member. The increase in the student body of the college has made another society necessary and it is for this reason that Gamma Nu has been revived.

OUR DISPLAY WINDOWS BRING MANY EXCLAMATIONS OF DELIGHT

We believe that we can say it truthfully, and without hint of boasting, that no more comprehensive window displays of the things handled by an up-to-date jeweler can be found outside the very large cities, and even then we feel that we are really excelled only in the space used and the necessarily more ornate background and surroundings.

It is the constant aim and desire of this firm to have in its possession and be able to display the very newest designs in jewelry, cut glass and novelties, just as soon as they are issued by the manufacturers.

We want the public to feel that whenever it's desired to make a purchase of any article usually handled by up-to-the-minute jewelers, that it will find the newest things here, in wide selection, and at fair prices.

HUDSON FUNERAL IS HELD AT WHITE HALL

Well Known Resident of Greene County Laid to Rest in White Hall Cemetery.

White Hall, April 27.—At two o'clock Wednesday occurred the funeral of a widely known woman of Greene county, Mrs. Moses Hudson, wife of a former sheriff. The services were conducted by Rev. A. J. Johnson at the Hudson home on West Bridgeport street, and the burial was in the White Hall cemetery. The deceased was just a few days past 70 years of age, and was a native of Pike county, where her father died when she was quite young, her maiden name being Hermon.

In 1869 she and her mother came to Greene county and located on a farm in the Bridgeport neighborhood and there she and Moses Hudson were married March 4th, 1883. They resided in the Waterville neighborhood until 1892, when they located at Roodhouse, where she became affiliated with the Baptist church. In 1906 her husband became sheriff and they moved to Carrollton. As the wife of the sheriff Mrs. Hudson provided meals for the prisoners, and her provisions and her general attitude toward the charges on the county forms a most important chapter in the more humane treatment of law-breakers that has characterized prison work in modern times. Her influence was for the encouragement of better things in the prisoners, and she afterwards found that it paid her well.

Besides four years as sheriff, her husband was deputy sheriff over a period of thirty years, and during the World War he served as a member of the county draft board. The last few years were spent on a farm in the Waterville neighborhood, they coming to White Hall in June of last year, purchasing property. She was a victim of locomotor ataxia for the past eleven years, and this caused her death at 5 o'clock last Monday evening. The husband survives.

WHY WOMEN GET DESPONDENT

Are not women naturally as high-spirited, brave and hopeful as men? Yes, certainly; but a woman's organism is essentially different from a man's—more delicate, more sensitive and more exacting. Women in delicate health are more dependent, more nervous, more irritable and more despondent. When a woman develops nervousness, sleeplessness, backaches, headaches, dragging-down pains and melancholia, she should lose no time in giving Lydia E. Pinkham's Vegetable Compound a fair trial, as it will quickly dispel such troubles. This root and herb medicine contains no drugs and has been the standby of American womanhood for nearly fifty years.—Adv.

MURRAYVILLE HIGH SCHOOL ELECTION

To the Editor of the Jacksonville Journal:

Next Saturday the voters of the Murrayville school district will decide whether the Community High School shall continue or not. The question has been the cause of many heated debates and much discussion on the part of the voters.

There are two factions, one the landowners and heavy taxpayers who object to the continuance of the Community High School; the other the small taxpayer, renter, non-taxpayer, tax dodger and those who derive personal benefit from the continuance of the school.

There is an unpleasant feeling on the part of the sociable, broad-minded, level-headed, intelligent members of the community because of the unheeded, tricky false means employed by the leaders of the faction, who wish the school continued, to secure votes. The land owner realizes that taxation is rapidly becoming more and more burdensome and is increasing with greater strides than his wealth. He also realizes that he has been the goat long enough and is now endeavoring to assert his rights. About two years ago, the election to establish the school was slipped over quietly; since then the taxpayer has awakened and now intends to be heard.

The principal objections on the part of the heavy tax payers are: first, that service efficiency and value are not commensurate with the heavy tax; secondly, they are tired of lightening the burdens of the town people who profit to a far greater extent from the school than the farmer; and, lastly, the tax is too burdensome, the more land the heavier the tax. The farmer wishes to return to the former system; they claim this is more satisfactory in every way to them.

The leaders of the faction, who wish to continue the school, are making appeals to the renter, small tax payer, non-tax payer and tax dodger. A little increase in taxes or none at all is immaterial to these people. Let them appeal to whomsoever they wish, let them get what votes they can, but let them use honest, upright means.

Now the means used by some of the leaders are objectionable. They have injected religion into the question, which is entirely uncalled for and has absolutely no place there. In a civilized, cultured community like Murrayville, to adopt such means betrays a warped, biased, narrow-mindedness that smacks of dense, deplorable ignorance. It is to say the least bad business policy on the part of the leaders. However, their sinister fabrications and trickery were nipped in the bud. By such underhanded, despicable means they have injured their cause, as the good intelligent people of this district can not be fooled for any great length of time.

Let them be clean, honest, upright, and above board in the means they employ to champion their cause.

Their lying methods have been exposed to the sunlight and the good citizens now realize that the falsehoods employed were concocted in the minds of some of the pin-head leaders.

One of their methods was to circulate the falsehood that Catholics were all against the Community High School because they were about to erect a school of their own. Now, in the first place, a cursory canvass of the voters shows that there are two non-Catholics to the one Catholic in favor of the Community High School being discontinued. In the second place, there has been no talk among the Catholics of building a school for some years to come. This brazen falsehood was sired in the warped minds of some of the pro-leaders. The mongrel was ephemeral, it was born, raised a little disturbance, and it died, much to the disgrace of its generators. Lastly, when the Catholics do take a notion to build a school in future years, they will do so, even though there should be a half dozen Community high schools in the town and one at every cross-road; and moreover they will not ask one cent from outsiders for the purpose and yet they will continue to pay their taxes to maintain the public schools. Do you get that?

Several articles have appeared in the village paper urging the continuance of the Community High School. Some knew what they were writing about, others did not.

In one article there occurred the remark that "to discontinue the Community High School would be to take a step backward."

Now it is the characteristic of a wise man to correct mistakes. The taxpayers did not take much interest in the election two years ago. There was but a very light vote polled. The farmers have learned during these two years that something was slipped over on them, something burdensome something in which they received neither service or efficiency and above all value received. This they learned from their tax receipts. They have seen their mistake, now they are going to correct it. Is this a step backward?

Those who are for the continuance of the school have made the threat that if they should lose at the election they will organize and have their own in the town. Well, that is up to them.

In a neighboring town the farmers gave their ultimatum to the business men that if the Community High School was voted a continuance, they would not spend one dollar in the town, but trade elsewhere.

The same thing is talked of in this district. The farmer is naturally a good natured citizen, but

he is human and there is a limit to endurance.

Taxation has about reached its limit and the farmer and land owner will now express their views to the world.

The farmer and all his household eligible to vote are urged to do so next Saturday and attend to the matter early in the day. Profit by your mistakes.

Can You Pass the Examination?

Many men expect to increase their life insurance within the next few years. Many of these same men who today could pass the life insurance examination will be rejected later because of impairment of health that the next few years will bring on, entirely unknown to them.

It is, therefore, a good plan to buy your life insurance when you can get it.

For those who expect to add to their life insurance later on account of being unable to pay the premium of old line insurance at the present time, there is a particular policy they can secure now, costing from \$10 to \$15 per thousand, per year. In later years this policy can be exchanged for an old line policy without a medical examination. Meanwhile, if you die the full face of the policy is paid by the company.

With dependable insurance at this price, it is too cheap to be without and at the same time does away with the medical examination later when you want to buy your insurance.

You can start a savings account, buy building and loan shares, property, etc., whenever you have the money and the desire. When you buy life insurance you must have these and more; for you must always pass the examination.

For particulars relative to this kind of insurance, call or see.

FARM DROVE FORD TO MAKING AUTOS

Henry himself tells the story in McClure's magazine—First car blocked the traffic in Detroit.

New York—Life on a farm drove Henry Ford into making automobiles.

Mr. Ford says so himself in an article which he calls "My Life and Work" written by himself in McClure's Magazine for May, with the collaboration of Samuel Crowther, author and editor.

And Mr. Ford still feels the same way about farming. Not that he has anything against farmers, he points out, but there is "too much hard hand labor on farms." Because he was born on a farm and knew without question just what farming means, Mr. Ford invented an automobile with which he hoped, first, to lighten the farmer's task and second, to aid people without a lot of money in their search for enjoyment and business relief.

That, in a nutshell, is what Mr. Ford's article gives as the reason for the Ford car. Incidentally it is the reason for his interest in farm tractors and for a lot of other things which have happened in Detroit recently.

The automobile, however, barely escaped being a watch. Mr. Ford had a desire to do fine mechanical work and his ideas naturally turned to watches, he says. At one period of those early days he had 300 watches and knew what made the wheels go around in every one of them. It was then he thought of the possibility of making a watch for 30 cents. In fact, he says, he almost started in the business but refrained when he figured out that watches were not a necessity and so would not be sold.

"Just how I reached that surprising conclusion is difficult to state, now," he observes.

But a combination of the farm and the watch, and the watch, and the sight when he was only 12 of a road engine was too much for anything plebian in Mr. Ford's future. He started to consider the possibility of machines and after glancing at that engine, studying it, watching changes, reading and thinking, Mr. Ford branched out into the automotive industry.

Was Common Idea

Of course, says Mr. Ford, the horseless carriage was a common idea. He had it, as did several other inventors. But Mr. Ford figured that steam was the best means for moving his car, and he set about making a machine to operate by steam. He built one, and it ran. But it had defects, lots of them. He very carefully points out most of them. When he found he couldn't work out his difficulties to his satisfaction, he turned to gasoline and so was born the Ford.

"It was in 1890 that I began work on a double cylinder engine," he writes, "because it was quite impractical to consider the single cylinder for transportation." Shortly after that the farm was left behind definitely and completely, when Mr. Ford went to Detroit as an engineer and machinist for the Detroit Electric Company at exactly \$45 a month. The job wasn't much in itself but its great beauty lay in that it kept him out in his work-shop for he had spare time and he employed it.

Two years later Detroit got a thrill. Chug-chugging down its main streets came the gas buggy. In the seat was Henry Ford. Behind it was a string of frightened horses and curious people. In front of it was a bulwar of wondering thousands. Henry Ford had found a way to ride without horses to drag him.

The machine, however, was a

slight problem. To begin with it blocked traffic. Not that it stalled, but every time Mr. Ford stopped the crowd started and he could not, in safety, leave the car a moment. Always there was some curious soul who would climb aboard, play with the brakes or the clutch and then trouble commenced.

First Licensed Chauffeur
Finally, it came to a show-down with the city authorities. At last, writes Mr. Ford, although there were no speed laws, no traffic ordinances, he had to get a permit from the Mayor to operate the machine.

"Thus for a time," he continues, "I enjoyed the distinction of being the only licensed chauffeur in the country."

Mr. Ford ran that first machine 1,000 miles until 1896 and then sold it. It took him four years to make the first sale of a Ford automobile, but he immediately did what he has done since—put his profits into building a new and better car.

All this time, Mr. Ford was working as an electrician with the Electric Company. He had become foreman at \$125 a month but his gas engine experiments were not popular at the shop. The trouble was they believed in electricity completely, and were at least mildly sceptical about gas.

Fairly soon, therefore, Mr. Ford left the electric company. That was when a group of men willing to take a chance stepped in and organized The Detroit Automobile Company. Mr. Ford was chief engineer. He owned a small block of stock and it was his car they sold. There were disagreements over questions of finance and auto development, and Mr. Ford quit. He took his patents with him, opened the famous one-story, brick shed and proceeded to build and sell about 25 cars. About that time—it was then 1902—Mr. Ford won a road race in one of his own cars and business began to pick up.

Formation of the Ford Motor Car Company was the result.

"I determined absolutely," writes Mr. Ford, "that never would I join a company in which finance came before work or in which bankers or financiers had a part. I have yet to have it demonstrated that is the way to success. For the only foundation of real business is service."

S. W. Nichols Writes Letter From Denver

Denver, Colo., April 24, '22.

Dear Journal:

This will be my last letter to the paper while on my trip. It seems as if I had been away a year or more, tho it will only be five months if I get home Saturday night as I anticipate.

We left Los Angeles with sincere regret for it was like a constant round of visiting while there. The number of Jacksonville people in and near that place is variously estimated at from 350 to 600. Certainly there are a great many and as fast as they discover our presence in the place they expressed all sorts of desire to entertain us at dinner, with auto rides and all sorts of ways.

It is of no use to try to mention them by names as there are so many of them and all with whom we came in contact or heard from seemed to be doing well and pleased with the city. I didn't find as many familiar names as I saw in San Antonio. On a sign opposite our hotel was the name of Chas. B. Hopper; I saw Fay on two buildings and Metcalf on one. I suppose people find what they look for and get what they give in this world, but it does seem to both of us that we surely found unusually pleasant hotels in all places we visited. Even in great New Orleans the clerks and lady assistants invigiled me with telling travel stories and so on all the way to San Antonio, Deming, Silver City, Tucson, Los Angeles, San Francisco, Colorado Springs and this place. In San Antonio, Tucson and Los Angeles where we remained so long it was like leaving one of our own family when we went away.

As at home, old settlers say the winter and spring at Los Angeles has been wholly unprecedented. Snow lies deep on the mountains and the winds are cold and damp. We found our heavy clothing comfortable and most of the time we needed our wraps.

Los Angeles is truly a remarkable place. Every person living there talks for it as if there were no other place on earth fit for a home, and for business they declare it is unsurpassed. The newly created harbor at San Pedro, making it a foreign shipping port, seems to have accomplished all that was needed to make it a metropolis.

San Francisco is green with envy as it is outstripping the city that has so long held the position of metropolis of the Pacific coast. I was informed that quite a number of manufacturing concerns have left Frisco for Los Angeles and many are coming there from other points. They have now a fine system of water supply and their sewage they cast into the Pacific ocean.

The ride to San Francisco was by the coast line, much of the way beside the ocean and very pleasant. Our train was one of five daily and it was a long one and well filled. We didn't stay long in Frisco as it had few essential attractions. A sight-seeing car ride disclosed the main points of interest and daughter enjoyed a day with a young lady friend in or near Oakland and we were ready to move on.

The ride over the mountains was indeed romantic. Often we could look away off into a valley miles distant and down a long way and later on we would be passing through that valley and looking up at the track of snow sheds we left an hour before. Nearly all the way to this city we were in sight of snow covered mountains and in many instances the white mantle reached to the ground below.

On the way we had one rather pleasant experience. At Reno, Nevada, a pleasant and rather stylish looking lady with two interesting boys, aged respectively eight and ten, boarded the sleeper in which we were traveling and

remarked she had been in Reno some months.

Of course I asked no questions but rather naturally wondered if she had been in the capital of Nevada for the reason that attracts so many to go there for six months and I was quite pleased to hear her say her husband was a chemist in the employ of a great mining corporation who sent him where his skilled services were needed. She had been with him there but he was soon to be transferred to another place and she was taking the boys to her home in Kansas where they would have school privileges.

She proved a very agreeable companion and I never saw better boys. Of course they were full of life and vivacity and kept their mother constantly anxious lest they annoy the other passengers but as I was by far the oldest I told her they did not trouble me at all and surely the others were no more sensitive than I.

I managed to tell them some stories and we struck up a very pleasant friendship and parted with regret at Colorado Springs.

I don't wonder that the great Wm. E. Curtis pronounced Colorado Springs the model city of the United States for it has a right to the title. Broad streets, beautiful buildings and surrounding scenery to add to its attractions, it is a clean, thriving city of some 35,000 inhabitants largely increased during the tourist season the I am reliably informed that the hotel people and caterers in and about Manitou have driven away a large part of their trade by exorbitant prices. The business with most of them the past season was very light and many lost money. I often wonder how long it will take the popular resorts of Arizona to go through that experience. They have not yet learned the art of overcharging.

I was very much pleased to meet at Colorado Springs Lewis Shrewsbury who lived some years in Jacksonville on South Diamond and Prospect streets and later in Springfield where he rose high in musical circles, but utterly broke down with over work drilling choruses and the like.

He went to the Rockies and after a while regained his health and is now assistant manager of the great Knight-Campbell Music Co's, Colorado Springs house, an establishment which to the territory west of the Rockies is like that of Lyon & Healy to the middle west. He also is in much demand as a singer and stands well socially and every other way.

I was sorry here to learn that my old time friend, Dr. Willard is an invalid in a hospital. We met Miss Edna Unken at one time with Andre & Andre. She came here for her health and is looking very well. We have also met Miss Helen Mansfield who is well and pleasant and I have called on my old time friend and college mate of the sixties, Prof. G. W. Bailey.

I am so sorry to learn of the unfortunate weather conditions back home and hope the end has been reached. How glad we should be that Jacksonville is not beside a river.

S. W. Nichols.

WILL COMPLETE WHITE HALL FILING STATION

WHITE HALL, April 25—Work looking to the completion of the filling station at the corner of Main and Bridgeport streets was begun Tuesday, and the station will be in operation within thirty days, according to James Haddock, local manager of the Standard Oil Co., who states that the filling station is now fully in the hands of his company for completion and operation.

Plans for the finishing will be along the elaborate lines originally planned by Community Gas, which concern has now surrendered the local territory to Standard Oil. Work has progressed intermittently for the past two years, and positive assurance that it is now to be completed and put in operation offers a very satisfactory piece of local building news.

Fred Goodrick went to Waverly on business yesterday.

WHITE HALL RESIDENT CELEBRATES BIRTHDAY

Mrs. Margaret Sykes Eighty-Eight Years of Age Thursday—Resident of White Hall Almost Half a Century.

White Hall, April 27.—Today is the eighty-eighth anniversary of the birth of Mrs. Margaret McCown Sykes native of Pennsylvania, who came to White Hall forty seven years ago. The occasion was made notable by the many White Hall friends remembering her with postal cards and in other ways showing their esteem to the venerable lady who at the present time is sojourning with her daughter, Mrs. Ernest Stansbury, at Greenfield. Mrs. Sykes is the mother of eleven children, six of whom survive: Robert, Tulsa, Oklahoma; James, Monmouth; Mrs. T. D. Overby, Granite City; Mrs. Ernest Stansbury, Greenfield, and Samuel G., and John, White Hall. She is in good physical condition for one of her years, and declares she is really enjoying her Greenfield sojourn.

Mrs. Sykes is a native of New Brighton, Penn., born April 27, 1834. There she and William Sykes were married, and soon thereafter came to Akron, Ohio, where Mr. Sykes plied his vocation as a potter, but after a residence of only a couple of years in Ohio decided that White Hall offered opportunities in the clay business. He consequently came on to White Hall, and was the first man to make sewer pipe for W. W. Arnold in the new steam plant that Mr. Arnold put in operation in 1875, being succeeded by the present sewer pipe works. Mr. Sykes was also a mould maker and for a great many years made the moulds for turning out the joints, elbows and other special types of pipe, remaining with the sewer pipe works until his death in 1911.

Like the centenarian, Mrs. Nancy Moore, Mrs. Sykes is small of stature. She is of a retiring disposition, but the books of righteousness contain heavy credits to her name in the years she spent most devotedly in the Sykes home on East Sherman street. The years since the death of her husband have been spent among her children, whose increasing devotion and affection are making her closing years of life a great benediction.

LIBRARY BOARD IN SPECIAL SESSION

A call meeting of the board of directors of the Jacksonville Public Library was held yesterday afternoon in the medical rooms at the library. A considerable amount of routine business was transacted and the board passed on a number of bills left over from last month and sanctioned the paying of such bills.

PRICE OF WHEAT TAKES A JUMP

By Associated Press.
CHICAGO, April 27.—Wheat
went upward in price today help-
ed by word of active export de-
mand. The market finished un-
settled at a net gain of 1/2 cents to
1 1/2, with May \$1.41 1/2 to \$1.41 1/2
and July \$1.26 to \$1.26 1/2. Corn
closed 1/2 to 1 1/2 higher, oat-
up 1/2 to 1 1/2 and provision
down 5¢ to 5 1/2 advance.

Foreign purchasing of wheat
was estimated at 1,500,000 bu-
shels including both old crop
wheat and new. It was said Ger-
many was in the market and pay-
ing the best premiums of the
season. Aside from the bullish
effect of export business it was
evident many traders had taken
the position that a rally was due
after the severe decline the last
two days.

The opening was higher aided
by comparative strength of Liver-
pool quotations but profit-taking
sales together with favorable
crop reports from the southwest
caused the market to drop soon to
the lowest level touched of late.

Houses with seaboard connec-
tions led the wheat buying on the
irregular price advance which
followed and which showed its
chief energy near the end of the
day. Cossip was current that
longs were chartering vessel space
and otherwise preparing to take
care of wheat that will be deliv-
ered to them next week. On the
other hand milling demand for
wheat was reported as slow and
flour prices lower. Seaboard mes-
sages telling of 500,000 bushels
of wheat taken for Europe tend-
ed to life the price of corn and
oats as well.

Provisions were weak in line
with hog values.

PRESIDENT HARDING JOINS GOLF CLUB

WASHINGTON, April 27.—The Washington newspaper gold club, recently organized by gold playing correspondents in the capital, today received a formal application for membership from Warren G. Harding, "representing the Marlon Star," and "mail address the White House."

Enclosed with the application were three new \$1 bills in pay-

ment of club dues for as many years.

"I send this amount," Golfer Harding wrote, "in order to have a clear certificate and a closed account for the three years I have yet to serve."

"And I hope," he added, "to be able to show some of the younger fellows how to make a good score."

In answer to the application blank as to what club the applicant belonged, Mr. Harding wrote, "Probably all of them."

EIGHTY FIVE TEAMS IN BOWLING TOURNEY

St. Louis, Mo., April 27.—Eighty five teams, the largest in the organization's history, will enter the fifth annual tournament of the Women's National Bowling Association, which begins at Toledo Friday, Mrs. Michael Kelly, secretary, announced tonight.

Money to Build Your Home

We are pleased to announce to the people of Jacksonville that we have made arrangements to loan money to home and apartment builders from the Metropolitan Life Insurance Company's large fund set aside to help relieve the housing shortage throughout the United States.

In order to distribute the funds as far as practical, amounts up to \$5,000 but no larger are loaned on individual homes. Loans on apartments are in proportion to the size of the apartment.

Two things have prevented many of the substantial people of this city from building their homes—the high cost of building and lack of sufficient funds to finance the house.

However, the situation has changed. The cost of building is down 18 to 25% throughout the country, and the Farrell State Bank now has available ample money for your use according to this plan. Bear in mind that they are long time loans with easy payment conditions but can be liquidated any time after the third year.

OVER 1,000 ATHLETES IN STAGG MEET

Chicago, April 27.—More than 1,000 contestants representing 150 high schools and 30 academies in 35 states are expected to compete in the eighteenth annual interscholastic track meet to be held here May 27 under the auspices of the University of Chicago, Athletic Director Stagg announced today.

Invitations have been sent to 5,000 schools.

The program has 16 events for high schools and 13 for academies. A three quarter mile relay was added today to the high school events. Four men will run for each team each running 330 yards. Such an event it is said is entirely unique and will offer opportunities for the 220 and 440 yard men to compete.

REDS BOMBARD PIRATES PITCHERS

PITTSBURGH, April 27.—The Reds hit Morrison's delivery hard today and continued their bombardment on Hamilton, defeating Pittsburgh 8 to 5. Wingo's home run in the seventh inning went thru Carey to the fence. Umpire Pfirman ordered eight substitute Cincinnati players off the bench during the game.

ILLINOIS COMES FROM BEHIND AND WINS

URBANA, Ill., April 27.—After being held runless for six innings by Captain Frohweis, Iowa's slow ball artist, Illinois came from behind and won out in their first Western Conference baseball game of the season on their home grounds today, 6-6 to 5.

Illinois made all of its runs in the last four innings the score at the end of the sixth standing 5 to 0 against the 1921 champions.

Four pitchers were used by Illinois, Banker winning his own game in the tenth inning by leading off with a single and scoring on Daugherty's double. Frohweis' change of pace baffled the Illini sluggers until the seventh.

In the eighth inning the Illinois batters lined out three hits, squeezed two walks for three runs and in the ninth, Vogel made his third single and tied the count on a hit by Reichle.

VETERANS BUREAU TO OBSERVE HOSPITAL DAY

Plans Made For Commemorating Anniversary of Birth of Florence Nightingale.

"National Hospital Day will be observed by the U. S. Veterans' Bureau in the District and Sub-District Offices in the field as well as in the Central Office. The second annual observance of this day the anniversary of the birth of Florence Nightingale, will be held on May 12.

"There are at present 30,879 disabled ex-service men and women receiving hospital care and treatment under the U. S. Veterans' Bureau in hospitals and institutions throughout the country. Many of these veterans have been in the hospital ever since they suffered illness while in the service or were wounded in action overseas. These men are still suffering from wounds, injuries or shock of battle or illness while in the service almost four years after the close of war.

"The Government has made available additional sums of money to provide hospital facilities. As a result a number of hospitals will be established throughout the country where ex-service men can be given proper attention.

"National Hospital Day will offer the public an opportunity to visit these disabled veterans in the hospitals and impress upon them that the merican people have not forgotten those men who were disabled in the defense of the country," Colonel Charles R. Forbes, Director of the U. S. Veterans' Bureau stated today.

There are at present 12,274 tubercular ex-service men and women hospitalized in the various institutions under contract or directly operated under the Veterans' Bureau. There are also 9,069 neuro-psychiatric cases, many of whom are suffering from war neuroses (shell-shock) and 9,536 ex-service men who are hospitalized as general medical and surgical cases.

COMMUNITY MEETING HELD AT FRANKLIN

A very successful community meeting was held at Franklin Wednesday afternoon at 3 o'clock at the Franklin opera house. The meeting was arranged by the Farm Bureau and the principal of the Franklin high school, B. E. Asplund, who cooperated with the association in holding the meeting.

The Farm Bureau films were shown and there were 150 present, fully one third of the audience being composed of women and girls. H. E. Kitner of the executive board of the Farm Bureau was present and made a short talk. This meeting at Franklin was one of a series of very successful community meetings being held in the county this week.
